Jörg van Schoonhoven, Bad Neustadt/Germany

Alberto Sgarbossa, Brescia/Italy

Davide Smarrelli, Bergamo/Italy

Endre Soreide, Oslo/Norway

Sumedh Talwalker, Wrightington/United Kingdom

Course Description

This three-day course aims to give a comprehensive overview of the treatment of complex fractures and pathologies requiring arthroplasty in hand surgery. Participants will be presented with theoretical presentations and case studies, which will be discussed in group settings, and the topics learned will be practiced on fresh frozen cadavers. A tutor will be available for every two participants.

Course Structure

Day 1 (starting at 1:00 p.m. CET)

- Treatment of complex distal radius fractures
- **Cadaver workshop** – distal radius fractures
- Malunions following complex distal radius fractures

Day 2

- Treatment of complex metacarpal fractures
- **Cadaver workshop** – metacarpal fractures
- Malunions following complex metacarpal fractures
- Ulna shortening theory
- **Cadaver workshop** – ulna shortening
- Ulna head replacement theory
- **Cadaver workshop** – ulna head replacement

Day 3

- PIP arthroplasty (primary and post-trauma)
- **Cadaver workshop** – PIP arthroplasty

It is possible, that course structure is subject to change.

General Information

Course fee: 890 €. Early bird special until March 22, 2024: 590 €

Language: English
