

BIRG Application for Research Funding – Appendix 3

Appendix 3: Details of the research project

Details of the research project

(This section must not exceed 5 pages / Verdana 10, 1.5 paragraph)

A) Summary/Abstract (max. 250 words)

B) Key points

- Brief statement of the problem (bullet points)
- Description of the state of the art (bullet points)
- Research hypothesis, goal of the project (bullet points)
- Relevance of the project

C) Detailed plan

- Study topics, test specimens or materials
- Influence and outcome variables
- Measurement Methods
- Biostatistical testing including estimation of sample sizes and forces

If an animal model is used:

Detailed description of the animal model. Please include all relevant protocols regarding anesthesia, pain management, surgical treatment, post-operative measures, exclusion criteria, euthanasia protocol. Please list all necessary guidelines for animal experimental applications in your institution/country.

D) Time schedule

E) Existing projects / infrastructure with relevance to the BIRG research proposal

F) References

Finances – Budget for the entire proposed project period

Please state or covert all amounts in EURO.
